Poona 29th November 1876

Sir,

With reference to Chief Commissioner's Proceedings No. 7478 / F. 437 of the 30th ultimo forwarded with Deputy Accountant General's No. 3962 of the 1st instant I have the honor to report that having called on the Superintendent Revenue Survey to report the cause of his estimate for Boundary

Marks in Waste land being so much above the actuals of the past 3 years he states that the amount in question is of so very fluctuating nature and beyond our control, in 1872/73 it amounted to Rupees 11,513 and he does not expect that it will be so low in the coming year as in the last three, and consequently sent in a safe estimate, as indeed he was bound to do. It is possible that the sum of Rupees 10,000 allotted to this head may suffice but there is no certainty of this and if

more

more is required a supple-
mentary grant will be
unavoidably necessary.
